P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

INTRODUCTORY COMMENTS

Applicants wish to express appreciation for the consideration shown by Examiner Cooley, during the telephone interviews on May 10, 2011, with the undersigned as representative of the Applicants.

Examiner Cooley explained what correction to the drawings was required to overcome the objections set forth in the Final Office Action, and that the specification must be amended to commensurate with the drawings correction. Claims 26-28 must be amended as suggested in the Final Office Action as well. Correction of all these issues would place the application in condition for allowance.

In the event the U.S. Patent and Trademark office determines that an extension and/or other relief is required, Applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing Docket No. 514572004500. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
